**ICI REDCAR HALF MARATHON  
SUNDAY 2nd MARCH 1997**

We would like to thank you for supporting the event.

Sorry about the gales. It made things difficult for us as organisers. For example, we were not able to erect the start and finish gantry or even put up barriers for finish funnels.

However, I suspect that it was you and your fellow competitors who felt the wind most - particularly over the last three miles.

For the second year we had a hiccup over the leading women's results because of a male runner running in a female entrants number. We would like to apologise particularly therefore to Gillian Priest (Morp), Helen Scaife (Mid), Rosa Wynyard (Dur) and Anne Best (Blyth) who were most immediately affected by the mix-up.

We as organisers must do better in guarding against males running female numbers.

We will therefore do two things next year.

(1) Have 'F' numbers for women e.g. F150

(2) Have a recorder dedicated to manually recording at least the first 20 women across the line ensuring that there are no males wearing female numbers.

Despite these problems there was a record number of finishers with much positive comment offered.

We look forward to seeing you next year - please provisionally put Sunday March 8th 1998 in your diary.
